Indian Pacific Train

With its bold wedge-tailed eagle emblem symbolising the scope, range and significance of each epic journey, the Indian Pacific traverses mountain ranges, passes through arid deserts and goldfields, through rocky valleys and desert savannahs on its transcontinental crossings. Stepping aboard the mighty train, you’ll feel a great sense of anticipation as this unforgettable Australian adventure begins to unfold. Whether you’re journeying from the Indian Ocean to the Pacific or the other way round, you’ll be making your way across the longest stretch of straight railway track in the world.

When 10,000 people lined the East Perth Terminal in 1970 to herald the first unbroken rail journey across the country – a new, seamless connection between the Indian and Pacific Oceans – an historic Australian milestone was achieved and the Indian Pacific took its name from the coasts it joined. This incredible 4352 kilometre crossing is one of the world’s great rail journeys. An adventure of contrasts, it encompasses the towering majesty of the Blue Mountains to the barren expanse of the Nullarbor, and every goldmine, ghost town and grapevine in between. From inside and outside your cabin, you’ll be captivated by the vast beauty of this magnificent country.
